USER GUIDE

LOGGING IN

The SlingHealth Mentors platform uses Google authentication for secure access.

- Navigate to the SlingHealth Mentors homepage
- Click the "Login" button in the top-right corner of the navigation bar
- You will be redirected to the Google authentication page
- Select or enter your appropriate Google account credentials
- After successful authentication, you will be redirected back to the SlingHealth platform
- The system will recognize your account and role (student, mentor, or admin)

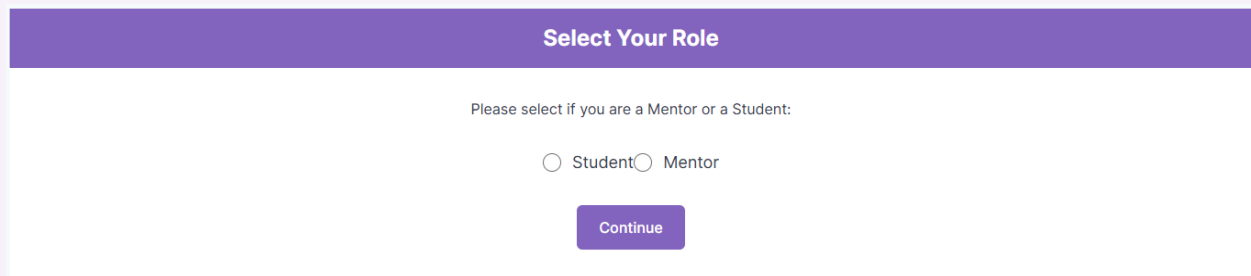

Note: If this is your first time logging in, you will need to select your role and your profile will need to be completed before accessing all features.

SELECTING ROLE

When you first select a new account, you'll need to select your primary role in the system.

- After initial login, you may be prompted to select your role
- Choose "Student" if you're seeking mentorship
- Choose "Mentor" if you're offering mentorship
- Your role determines the features available to you and how your profile appears to others
- Only administrators can change your role after initial setup if navigating to /select_role and trying again doesn't work

A screenshot of a web form titled "Select Your Role". The form has a purple header bar with the title. Below the header, the text "Please select if you are a Mentor or a Student:" is centered. Underneath, there are two radio button options: "Student" and "Mentor". The "Student" option is selected. At the bottom of the form is a purple "Continue" button.

Select Your Role

Please select if you are a Mentor or a Student:

☒ Student ☐ Mentor

MANAGING YOUR PROFILE

View Profile

- Click on "Profile" in the main navigation menu
- Your profile page displays your personal information, role, and activity history
- For mentors, additional professional information is displayed
- For students, academic information is displayed

Student Information	
AP A Profile	
Email	email@example.com
Phone	(123) 456-7890
Major	Computer Science
Classification	Junior
Specialty	FFFFFFF, GGGGGGG

Update Personal Information

→ From your profile page, click the "Edit Profile" button

→ Update your personal details including:

- First and last name
- Email address
- Phone number (optional)
- Profile information specific to your role

→ Click "Update Profile" to save your changes

→ Changes will be immediately visible to other users

First Name	A
Last Name	Profile
Email	email@example.com
Phone Number (10 digits)	1234567890

Search using filters

- Navigate to the "See Mentors" section from the main navigation
- Use the filter options at the top of the page to narrow your search
- Filter options include:

- Specialty (medical field, research area, etc.)

- Profession (physician, researcher, industry professional)

→ Results update automatically as you adjust filters

The screenshot shows the Mentors page interface. At the top, there is a search bar with a dropdown menu set to "Search by Name" and a text input field labeled "Search mentors...". To the right of the search bar are two dropdown menus: "Physician" and "Oncology". Below the search bar, there is a grid of eight mentor profile cards. Each card displays the mentor's name, profession, mentor type, and specialty.

Name	Profession	Mentor Type	Specialty
John Wilson	General Physician	Physician	Oncology, Neurology, Orthopedics
Emily Miller	General Physician	Physician	Neurology, Oncology, Pediatrics
Daniel Jones	General Physician	Physician	Gastroenterology, Oncology, Pediatrics
Daniel Davis	General Physician	Physician	Oncology, Cardiology, Dermatology
James Johnson	General Physician	Physician	Oncology, Pediatrics, Orthopedics
John Taylor	General Physician	Physician	Oncology, Cardiology, Orthopedics
Jessica Wilson	General Physician	Physician	Gastroenterology, Oncology, Dermatology
Michael Taylor	General Physician	Physician	Oncology, Orthopedics

Search by Name and Profession

- Use the search bar at the top of the Mentors page
- Select "Search by Name" or "Search by Profession" from the dropdown
- Enter your search term in the text field
- Press Enter or click the search icon to show results
- Results will display all mentors matching your search criteria

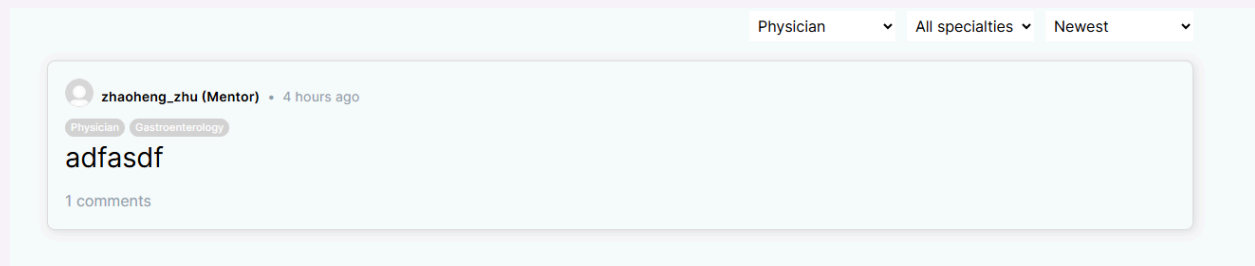

Filter by Mentor Type

- Use the "Mentor Type" dropdown to view mentors by category
- Options include clinical mentors, research mentors, industry mentors, and others
- When a mentor type is selected, the "Specialty" filter becomes available
- Use these filters in combination for more specific results

Using the Forum

Browsing Questions + Using Filters

- Click on "Questions" in the main navigation menu
- Browse the list of existing questions sorted by date (newest first by default)
- Use the dropdown filters to sort by:
 - Newest
 - Oldest
 - Most comments
 - Least comments
- Filter questions by mentor type and specialty to find relevant discussions

Asking New Questions

- While on the Questions page, click the "+" button in the bottom-right corner
- Complete the question form with:
 - Question title (required)
 - Detailed description
 - Select a mentor type (required)
 - Select a specialty (if applicable)
- Click "Submit" to post your question
- Your question will be visible to all users, but particularly those with matching specialties

Replying to Questions

- Open a question by clicking on its title
- Scroll to the bottom of the page to find the comment form
- Type your response in the text area
- Click "Post Comment" to submit your reply
- Your comment will appear in the discussion thread with your name and role

Viewing Question History

- Visit your profile page to see all questions you've asked
- Click on any question to view the full discussion thread
- You can track which questions have new responses through notification indicators
- Questions with your participation will be highlighted for easy identification

LOGGING OUT

- Once logged in, your profile icon will appear in the top-right corner → Click on "Sign out" to sign out of your account

ADMIN GUIDE

LOGGING IN

Administrators access the platform through the same login process as regular users.

- Follow the standard login procedure using Google authentication
 - The system automatically recognizes your admin privileges
 - After login, you'll see additional menu options for administration
-

MANAGING MENTORS AND STUDENTS

Viewing

- Navigate to the "Admin Console" from the main navigation menu
- The default view shows a list of all users in the system
- User cards display basic information including name, email, role, and details
- Click on any user to view their complete profile and activity history

Creating, Updating, and Deleting

- To create a new user, click the "New User" button in the admin dashboard
- Complete the user creation form with required information:

- First and last name
- Email address
- Role (student, mentor, admin)
- Role-specific information

- To edit a user, click the "Edit" button (pencil icon) on their user card
- To delete a user, click the "Delete" button (trash icon) and confirm the deletion

Warning: Deleting a user cannot be undone and will remove all their associated data.

Searching Users by Name, Email, or Role

- Use the search field at the top of the Admin Console
- Enter a name, email address, or select a role from the dropdown
- Results update in real-time as you type
- Click the "Reset" button to clear search filters

Managing User Admin Privileges

- Open a user's profile from the Admin Console
- Click "Edit" to modify their account
- Toggle the "Admin Privileges" checkbox to grant or revoke admin access
- Save changes to update permissions
- Newly assigned admins will have immediate access to the Admin Console

!

MANAGING FORUM

As an administrator, you have additional capabilities for monitoring and moderating the forum.

- Access forum management from the Admin Console
- View all questions and comments posted on the platform
- Sort and filter questions by date, popularity, or status
- Delete inappropriate content by clicking the delete icon next to any question

or comment

→ Pin important questions to the top of the forum by clicking the pin icon →
Click "Submit" to create the new mentor

MANAGING SPECIALTIES

Creating Specialties

- From the Admin Console, click "Specialties" in the sidebar
- Click "New Specialty" to add a new specialty
- Complete the specialty form with:
 - Full name (e.g., "Cardiology")
 - Short name/abbreviation (e.g., "Card")
 - Select the associated Mentor Type
 - Click "Create Specialty" to add it to the system
 - New specialties become immediately available for selection

Assigning Specialties to Mentor Types

- Navigate to the "Mentor Types" section of the Admin Console
- Select a mentor type to edit
- Use the "Manage Specialties" option to:
 - Add existing specialties to this mentor type
 - Remove specialties from this mentor type
 - Reorder specialties by priority

*Changes to specialty assignments affect filtering options throughout platform

TECHNICAL DETAILS

The application is built with Ruby on Rails → Tailwind CSS is used for styling →
Authentication is handled through Google OAuth2 → The Database is PostgreSQL
